

The New Look and Feel of the CCQAS Version 2.8 Credentialing Module

This is a preview of the new screens and data fields

For the Credentialing Module of CCQAS

With the projected implementation will be FM 02, FY 07.

As of 8/11/2006

This document is a picture book of screen shots from the new version of CCQAS which is due to be released in the Fall of 2006.is fall.

When the privileging module of the new CCQAS 2.8 was developed, enhancements were also made to the existing credentialing module within CCQAS.

Access to the privileging module will be controlled by appropriate Roles and the granting of user permissions. The changes to the credentialing module will be evident, however, to all users once the updated version of CCQAS is deployed in support of the privileging module. This document was developed to familiarize you with the projected changes in the current credentialing module. There will be an opportunity for hands-on training in support of the privileging module deployment. Additional E-learning tools are being developed to assist you. In addition, our staff is available to address any questions or concerns you might have.

In re-designing the Credentialing module, more tabs/sections have been created. The fields which are currently in CCQAS were re-organized/spilt up in the new tabs/sections. It will be a matter of learning where the information is located within the new tabs/sections for the Credentialing Coordinator.

The Log-on screen has been updated and the new version is shown below.

Warning and Usage Statement

1102 Protected Status

CCQAS processes Sensitive but Unclassified (SBU) information that is subject to the Privacy Act of 1994. As such, copying, printing or distributing data from CCQAS to support administrative functions is authorized in DoD Regulation 5400.11-R, Department of Defense Privacy Program, dated August 1993, Appendix C, paragraph A, "Routine Use - Law Enforcement" and Chapter 4, "Disclosure of Personal Information To Other Agencies and Third Parties." Certain information contained within CCQAS is accessible under the Freedom of Information Act. Other information is protected from legal discovery under the provisions of title 10, United States Code, section 1102. No other distribution is permitted without the express written permission of the Tricare Management Activity Functional Proponent or Service CCQAS Representatives, who will coordinate with appropriate legal counsel prior to rendering an opinion regarding release of information.

Unclassified, Sensitive, Privacy Act Use Only

Information contained in this system is subject to the Privacy Act of 1974 (5 U.S.C. 552a, as amended). Only authorized persons in the conduct of official business may use personal information contained in this system. Any individual responsible for unauthorized disclosure or misuse of personal information may be subject to fine of up to \$5,000.

Health Insurance Portability And Accountability Act Warning

Individually identifiable health information in this system is subject to The Health Information Portability and Accountability Act of 1996, The Department of Health and Human Services Privacy Rule in regard to that act, and DoD 6025.18-R, "DoD Health Information Privacy Regulation." This information may only be used and/or disclosed in strict conformance with that authority. The MHS is required to and will apply appropriate sanctions against individuals who fail to comply with its privacy policies and procedures.

For Additional Assistance

Please address all questions regarding CCQAS to include System Security, System Operation, Training, Functional and Technical issues, System Errors, Userid and Passwords, Access Issues and Recommendations to the MHS Help Desk, phone: 1-800-600-9332 (CONUS).

Done Internet

While looking somewhat different, this screen essentially operates the same as the current one.

Next is the Credentials Provider Search Screen. No real differences here.

Record Count: 6 Search Clear Screen Add Provider Record Limit: 100

CCQAS Internet

Upon opening a particular provider record the differences begin.

The screenshot displays the CCQAS (Centralized Credentials Quality Assurance System) web application. The browser address bar shows the URL: <https://ccqasprodtest73.csd.disa.mil>. The page title is "CCQAS Version 2.8 - Centralized Credentials Quality Assu - Microsoft Internet Explorer". The main header includes the CCQAS logo and the tagline "A Worldwide Credentialing, Risk Management, and Adverse Actions System Supporting Medical Personnel Readiness". Navigation tabs at the top include "Credentialing", "Privileging", "Reports", "System", and "Help".

The "Provider" section is active, showing details for a provider named "PEPPER MINT". The form includes fields for "Name", "SSN", "Branch", "Rank", "AOC Design/AFSC", "Corps", "UIC", "Input Clerk", and "Record Status/Type". A "Close Provider Record" button is located at the top right of this section.

Below the provider details, there is a "Profile" section with a "Save" button and a "Help?" link. A note states: "If known under another name, please complete the alias section." The form contains fields for "Last Name", "First Name", "MI", "Suffix", "Title", "Person ID Type", "Person ID", "Gender", "Date of Birth", "Alias Last", "Alias First", "Alias MI", "Alias Suffix", "Citizenship", "Marital Status", "NPI", "Dept. Code", and "Work Center".

A "Remarks" section is located at the bottom of the form, featuring a text area for notes.

The first thing that you will notice is the absence of the “file folder tabs” along the top of the active area.

Notice: Over on the left side of the active area, there is a new space with the word “NAVIGATION” running down it. This is the key to getting around in the New CCQAS 2.8 Credentialing area and is called the “NAVIGATION BAR”.

To activate the Navigation Bar, move your cursor over to the Navigation Bar area.

Move to next page.

The Navigation Bar opens up and displays the new tabs or sections.

The screenshot displays the CCQAS (Centralized Credentials Quality Assurance System) web application in a Microsoft Internet Explorer browser window. The address bar shows the URL: <https://ccqasprodtest73.csd.disa.mil>. The page title is "CCQAS Version 2.8 - Centralized Credentials Quality Assu". The main header includes the CCQAS logo and the text: "A Worldwide Credentialing, Risk Management, and Adverse Actions System Supporting Medical Personnel Readiness".

The navigation bar at the top contains the following tabs: Credentialing, Privileging, Reports, System, and Help. The "Credentialing" tab is currently selected.

The main content area displays the "Provider" record for "PEPPER MINT". The record details are as follows:

- Name:** PEPPER MINT
- SSN:** 987-65-4321
- Sharing:** Branch:
- Rank:** AOC/Design/AFSC:
- Corps:** UIC: NJ1CFD50
- Input Clerk:** PATTYP
- Record Status/Type:** Current/CRED

On the left side, there is a "Navigation Bar" with a list of menu items:

- Profile
- Civ/Mil
- Identification
- Contact Information
- Lic/Cert/Reg
- DEACDS
- Education/Training
- Specialty
- Affiliation
- Continuing Education
- Contingency Training
- References
- Readiness
- NFDB/HPDB/FSMB
- Reserve Training
- Assignments
- Privileges
- Provider Photo
- Documents
- Remarks

The "Profile" menu item is currently selected, and the main content area displays the "Profile" form. The form includes fields for:

- First Name: PEPPER
- Middle Initial: MI
- Suffix: Suffix
- Title: Title
- Security Number: [Dropdown]
- Person ID: 987-65-4321
- Date of Birth: 08/05/1979
- Alias First: PEPPER
- Alias MI: MI
- Suffix: Suffix
- Marital Status: [Dropdown]
- Work Center: [Text Field]

The bottom of the browser window shows the taskbar with the CCQAS icon and the Internet Explorer icon.

Most of the old familiar “tabs” can now be found here as menu items, although there has been some re-organization and there are a few more screens.

To open the Navigation Bar, move the cursor to the left, into it.

To choose an option in the Navigation Bar menu, click on it.

To close the Navigation Bar, move the cursor to the right, out of it.

We will now go through the data screens in the order presented on the Navigation Bar:

Profile,

Civ/Mil,

Identification,

Contact Information,

Lic/Cert/Reg,

DEA/CDS,

Education/Training,

Specialty,

Affiliation,

Continuing Education,

Contingency Training,

References,

Readiness,

Reserve Training,

Assignments,

Privileges,

Provider Photo,

And Documents

(Army is working on import plan)

The first menu item on the Navigation Bar is the Profile Screen which has most of the data found in the old Demographics Tab but without the Contact Information and the Military / Civilian identifiers.

If known under another name, please complete the alias section.

Provider

Last Name: MINT First Name: PEPPER MI: Suffix: Title:

Person ID Type: Social Security Number Person ID: 987-65-4321

Gender: Female Date of Birth: 08/05/1979

Alias Last: MINT Alias First: PEPPER Alias MI: Suffix:

Citizenship: Marital Status:

NPI: Dept. Code: Work Center:

Remarks

New fields are Citizenship and Marital Status.

The Military / Civilian identifiers are found in the next tab:
 Either a record is military or civilian. The record cannot be both. Choose the appropriate record type and fill out the red mandatory fields within the selected record type and disregard the other red fields in the record type not selected.

The screenshot shows the CCQAS web application interface. The browser address bar displays "https://ccqasprodtest73.csd.disa.mil - CCQAS Version 2.8 - Centralized Credentials Quality Assu - Microsoft Internet Explorer". The application header includes the CCQAS logo and the tagline "A Worldwide Credentialing, Risk Management, and Adverse Actions System Supporting Medical Personnel Readiness". Navigation tabs for "Credentialing", "Privileging", "Reports", "System", and "Help" are visible. The "Provider" section shows details for "Name: PEPPER MINT" and "SSN: 987-65-4321". A "Save" button is present. The "Military" tab is selected, showing fields for "Branch", "Rank", "Corps", "AOC/Design/AFSC", and "Accession". The "Civilian" tab is also visible, showing fields for "Grade", "Civilian Role", and "Accession". The "Record Status/Type" is set to "Current/CRED".

The new item here is Grade for Civilians. This is an optional, not a “required” field for civilians now, although it is shown above as colored in red.

The Identification Screen allows entry of a variety of identifying factors, primary among which is the provider's Social Security Number.

CCQAS Internet

There are several types of Identification from which to choose. Identification types can be entered by clicking on the ADD button located just below the "Identification tab".

Contact information is found through the next menu choice, which is subsequently split out into three sub-tabs: Address, Email, and Phone.

Again, you can add as many different contact listings as you would like, by using the ADD button listing but at least one of each is recommended. For the Army, the military e-mail address will become mandatory to support the Privileging module. There will be temporary exceptions to the military e-mail rule, for the FNL, New Contractors applying for privileges for the first time, until a sponsor is selected and a military e-mail address is granted, if the provider is hired.

The screenshot displays the CCQAS web application in a Microsoft Internet Explorer browser window. The address bar shows the URL: <https://ccqasprodtest73.csd.disa.mil>. The page title is "CCQAS Version 2.8 - Centralized Credentials Quality Assu". The main header includes the CCQAS logo and the tagline "A Worldwide Credentialing, Risk Management, and Adverse Actions System Supporting Medical Personnel Readiness". Navigation tabs include "Credentialing", "Privileging", "Reports", "System", and "Help".

The "Privileging" tab is active, showing a "Provider" record for "PEPPER MINT". The record details include: "Name: PEPPER MINT", "SSN: 987-65-4321", "Sharing Branch:", "Rank: AOC.Desig/AFSC:", "Corps: UIC: NJ1CFD50", "Input Clerk: PATTYP", and "Record Status/Type: Current/CRED". A "Close Provider Record" button is visible.

Below the provider details, there are three sub-tabs: "Address", "Email", and "Phone". The "Address" sub-tab is selected, showing an "Add" button and a "Help?" link. The main content area displays a table with columns: "? Address Type", "Full Address", and "Primary". The table is currently empty, with the text "No Records Found." displayed below the header.

This is an example of the address sub-tab screen. Once an address has been entered, the contact information would appear in the displayed address summary line.

Here are screen shots of the other two sub-tabs, Email and Phone, both of the summary line screens and the underlying sub-record screens:

This is the Education / Training screen. Note: this area does not include Continuing Education or Contingency Training. There are other sections devoted to these other categories.

This section is for Education / Training credentials that specifically qualify the person for their position. It is sub-divided into Professional Education, Post Graduate Training and, for foreign-trained providers, Educational Commission for Foreign Medical Graduates (ECFMG) information.

The screenshot shows a web browser window with the address bar displaying "https://ccqasprodtest173.csd.disa.mil - CCQAS Version 2.8 - Centralized Credentials Quality Assu - Microsoft Internet Explorer". The page header includes the CCQAS logo and the text "A Worldwide Credentialing, Risk Management, and Adverse Actions System Supporting Medical Personnel Readiness". Navigation tabs for "Credentialing", "Privileging", "Reports", "System", and "Help" are visible. A "Submit Ticket | Security Briefing | Logout" link is in the top right corner, along with a dropdown menu showing "NJ1CFD50".

The main content area is titled "Provider" and displays the following information:

- Name: PEPPER MINT
- SSN: 987-65-4321
- Sharing: Branch:
- Rank: AOC.Desig/AFSC:
- Civ Role: DEN
- UIC: NJ1CFD50
- Input Clerk: PATTYP
- Record Status/Type: Current/CRED

Below this information are three tabs: "Professional Education", "ECFMG", and "Post Graduate Training". The "Professional Education" tab is active, showing a table with columns: "Degree", "Type", "Institution", "Start Date", and "Completion Date". A "No Records Found." message is displayed in the table area. A "Help?" link is located in the top right corner of the table.

The browser's status bar at the bottom shows the CCQAS logo and the text "Internet".

CCQAS Internet

A new section of screens for working with up-loads of scanned documents is currently being developed. It works basically the same as the previous Photo Screen. Uploads will be limited to a maximum of one megabyte files in .jpg, .gif, or, pdf. formats.

The screenshot shows the CCQAS (Centralized Credentials Quality Assurance System) web application. The browser address bar indicates the URL: <https://ccqasprodtest73.csd.disa.mil>. The page title is "CCQAS Version 2.8 - Centralized Credentials Quality Assu". The application header includes the CCQAS logo and the tagline "A Worldwide Credentialing, Risk Management, and Adverse Actions System Supporting Medical Personnel Readiness".

The main navigation menu includes: Credentialing, Privileging, Reports, System, and Help. The current user is logged in as NJ1CFD50.

The "Provider" section displays the following information:

- Name:** PEPPER MINT
- SSN:** 987-65-4321
- Branch:** F12
- Rank:** CAPT
- AOC Design/AFSC:** 44J3
- Corps:** MC
- UIC:** NJ1CFD50
- Input Clerk:** PATTYP
- Record Status/Type:** Current/CRED

The "Documents" section is active, showing a tab for "Documents" and a sub-tab for "Provider Documents". A "Filter by File Type" dropdown is set to "ALL". Below the filter, there is an "Add" button and a table with the following columns:

File Type	User's Name	User's Phone Number	User's Email	Upload Date	File Name	File Short Description
No Records Found						

The bottom of the screen shows the CCQAS logo and the Internet Explorer status bar.
